

Capital Growth & Leverage Lab

6-Week Practical Money Execution Program

Turn your earnings into disciplined, growing capital — with guidance, not theory

Stop Talking, Start Growing

You've already proven you can act. You've doubled your money in 90 days.

Now it's time to go further, faster, and smarter — without wasting time or energy on ideas that don't work.

The Capital Growth & Leverage Lab is a hands-on, 6-week execution program designed to help you:

- Protect what you've earned
- Multiply it safely
- Leverage other people's skills and time
- Build a personal growth system for money that actually works

This is not a course, it's your money-in-action lab.

Who This Program Is For

- People who have already made money during the 90-Day Big Money Mindset program
- Capital holders ready to implement, scale, and compound
- Action-takers, not talkers
- Anyone ready to stop doing everything themselves

Who This Program Is Not For

- People without capital to grow
- Get-rich-quick dreamers
- Those looking for theory, lectures, or guarantees

What You'll Do in 6 Weeks

Week 1: Capital Lock-In & Reset

- Separate profit from cash noise
- Set up simple Capital Buckets: protected, working, risk
- Lock in discipline and non-negotiable money rules

Week 2: Cashflow Multiplication

- Choose one primary money lane
- Learn how to grow repeatable cashflow without gambling
- Set realistic weekly targets

Week 3: Execution Systems

- Build weekly money routines
- Track progress simply and consistently
- Know when to continue, adjust, or stop

Week 4: Leveraging Other People's Time & Skills

- Learn how to delegate, outsource, and partner effectively
- Free up your time while growing money faster
- Apply leverage immediately using freelancers, commission-based help, or short-term assistance

Week 5: Scaling What Works

- Identify proven activities
- Scale intelligently — volume, pricing, efficiency
- Avoid distractions and untested ventures

Week 6: Compounding & Next-Level Positioning

- Review wins and lessons
- Build a personal money growth playbook
- Prepare for bigger capital opportunities or advanced mentorship

Program Format

- Duration: 6 weeks
- Weekly 60–75 minute live execution calls
- Hands-on, guided assignments each week
- Minimal theory, maximum implementation

Investment

USD \$150 — a small commitment for serious money growth.

This low-ticket investment ensures:

- Action-oriented participants
- Immediate application and accountability
- A natural pipeline to higher-level mentorship or managed opportunities

Why You Need This Program

- Talking stops here — it's about doing and growing
- Protect your profits and make them work harder for you
- Learn to leverage talent and scale smartly
- Leave with a clear plan for your next money moves
